Ohio ABLE Act Signed

Governor Kasich has signed House Bill 155, legislation that will allow individuals or families to set up tax-exempt 529A savings accounts for disability related expenses. This follows passage of the federal ABLE (Achieving a Better Life Experience) Act passage in December, 2014. FCBDD Board Member Dean Fadel and Superintendent Morison will participate in a meeting with the State Treasurer's office to discuss implementation in August.
