911 Emergency: Call if you can, Text if you can't!

Text-to-911 technology is now available in Franklin County thanks to collaborations of safety agencies throughout the County.

Commissioner Marilyn Brown, who chairs the county-wide 911 Board said "Calling is better than texting because dispatchers can get more immediate information, but if you can't call, text." This new service became effective on January 23. For more details, go to
